Intro: [A7] x 4

[A7] There is nothing that is wrong

With wanting you to stay here with me. [D]

I [A7] know you got somewhere to go, but,

Why don't you make yourself at home and [D] stay with me?

Don't you [E7] ever leave.

Chorus:

[A] Lay down Sally, [D] and rest here in my arms.

[E7] Don't you think you want someone to [A] talk to?

[A] Lay down Sally, no [D] need to leave so soon.

I've [E7] been trying all night long just to talk to [A7] you.

[A7] The sun ain't nearly on the rise.

We still got the moon and stars a-[D]-bove.

[A7] Underneath the velvet skies, love is all that matters.

Won't you [D] stay with me? Don't you [E7] ever leave.

Chorus:

[A] Lay down Sally, [D] and rest here in my arms.

[E7] Don't you think you want someone to [A] talk to?

[A] Lay down Sally, no [D] need to leave so soon.

I've [E7] been trying all night long just to talk to [A7] you.

[A7] I long to see the morning light

Colouring in your face so [D] dreamily.

[A7] So don't you go and say goodbye

Cause you can make yourself right home,

And [D] stay with me. Don't you [E7] ever leave.

Chorus: x 2

[A] Lay down Sally, [D] and rest here in my arms.

[E7] Don't you think you want someone to [A] talk to?

[A] Lay down Sally, no [D] need to leave so soon.

I've [E7] been trying all night long just to talk to [A7] you.
